Kirtlington Neighbourhood Watch 2025

During the last year there has been an improvement in the problems of crime within the village.

However, you will recall that there was drug taking in Mill Lane, the quarry and near the Village Hall and this sadly has continued in 2025.

The Police also confirmed Kirtlington is covered at least once on every shift and that officers from Witney and Bicester have also attended following calls.

Last year, as in 2024 there were repeated problems of vandalism at the quarry which became most frustrating to villagers (and recently at the village hall too, although the police were made aware of the names of the two culprits involved and have spoken to the parents).

The village WhatsApp group named “Kirtlington Watch” has been most successful as it enables any problems/suspicions throughout the village to be passed on to everyone on the list. We now have over 100 members on this group and I would welcome any additions. I am also on the Oxfordshire Rural Crime Group which has 203 members which is very informative.
